

Help Plan Franklin County's Future!

North Georgia is growing! Residents and businesses are drawn to the area, be it for industry accessing I-85, the recreation and beauty of nearby mountains and lakes, or the more rural lifestyle of the many charming small cities and towns.

Franklin County and its municipalities are preparing! They're updating their *Joint Comprehensive Plan*, the document that helps shape and coordinate local work programs.

They want to hear from you! As part of this process there is a brief online survey available asking people about their issues and priorities for the community. These surveys will be accessible through May 30, are open to anyone with a vested interest in the area, and all responses will be anonymous. There will also be public meetings held throughout the summer of 2024. Check each government's web site for meeting dates and locations.

For any questions or comments, please contact:
