The superintendent outlined many ways he would like to link our department with the school system. The idea to encourage all children to be involved on some level and to foster a positive experience with the children, parents, coaches and all athletes. The discussion was very informative and several upcoming dates for coaching involvements as well as ways to incorporate our "middle and high school" athletes back to the involvement with the recreation dept.

We want to extend a sincere gratitude for the 16 years of service that Rickey has put into the Recreation Department and wish him the best on retirement.
