

FRANKLIN COUNTY  
**BOARD OF COMMISSIONERS**

*"You Are Why We Are Here"*

**UPDATED APRIL 13, 2020**

During this unprecedented time, organizations, businesses, and communities are continuously adjusting to the ongoing COVID-19 pandemic. Preventative actions are being employed with public health and safety in mind. We have been charged with doing our part to "flatten the curve". We must all share in this responsibility by implementing social distancing and practicing common sense infection control.

Effective March 17, 2020, the Franklin County Board of Commissioners Office closed its building to the public as a precautionary measure to help prevent/slow the spread of COVID-19. **The office closure has been extended through April 30, 2020** in harmony with Governor Kemp's Executive Order, extended Executive Order, and our Community Initiative to implement "social distancing" to the extent possible.

The Board of Commissioners office will continue to operate with modified services to minimize in-person contacts. We are dedicated to providing essential services to our citizens and supporting our public safety personnel during this time. We will still have staff available to answer calls during our normal hours from 8:00 am – 4:30 pm at 706-384-2483. Together, we will determine the best approach for service delivery. If in-person contact is necessary, we will schedule a time for you to come to the office so that exposure to staff and other citizens is limited.
